Some of our successful candidates

AMIT TALWAR

PCS 2003)

"Coaching at MIM did play a considerable role in my overall success. It helped in developing speed & accuracy and also expanding the horizons of thought process which are very crucial and important in cracking examinations of the kind of CIVIL SERVICES".

PARMINDER SANDHU
(11th rank in
PCS-2003)

"MIM played a key role in my success. From conceptual clarity to competitive environment, MIM is a good Institute for preparation of Civil Services. The teaching methodology at MIM, the level of Tests and study material are incomparable. The best thing about the batch is the rigorous study schedule and weakly home assignments which helped me a lot in preparation".
