DIRECTOR'S MESSAGE

In the current education system, where knowledge is gaining priority, the quality of education has to conform to International competition standards. Realizing that teachers' teaching and learning methods have a profound impact on the progression of society, MIM has adapted an intense teaching and learning methodology. The entire process of education is focused on training students to crack any competition or interview.

Be it UGC-NET/SET/GATE Mathematics, M.Sc. Entrances/IIT-JAM or MCA entrances, our results always speak of our dedication and commitment to excellence. MIM took the initiative to impart coaching to the IIT-JAM aspirants of North India for the Test and within a short span of time, its efforts brought to glory. MIMcians have swiped All over India's Top Ranks in UGC NET Mathematics. Presently, MIM has more than 950 students who made it through this prestigious Test of India under the guidance of Dr. Virk. While some of them have been called upon by IITs, IISERs, Panjab University, Punjabi University, Guru Nanak Dev University, Kurukshetra University, Delhi University, and other reputed institutions for undertaking research work, others have been appointed as Lecturers in Reputed Colleges and Universities in Punjab, Haryana, Himachal, Rajasthan, Jammu and Kashmir, and other states. MIM aims to achieve satisfaction in pioneering new efforts to spread education and not in profit-making.

MIM has expanded its operation to Ludhiana, Chandigarh, Jalandhar, Patiala, Amritsar & Ambala. It will soon be spreading to New Delhi. The growth of MIM has been possible due to its outstanding result, sustained efforts in imparting quality education, dedicated faculty, and support of its students. The new campuses are being opened in order to facilitate students coming from these areas so that they may not lag behind only to a lack of guidance.

With best wishes,

**Dr. Mohan Singh
(Director MIM)**
